

Learning Made Fun

The Mr. & Mrs. F. L. Schlagle Library offers a variety of hands-on educational and recreational programs to school students and the public.

Teachers can bring their classes on field trips to the library, where their students can participate in programs based on science, nature, environmental, and outdoor education.

F. L. Schlagle Library also offers outreach programs with staff traveling to deliver the program in school classrooms.

During spring break, the library offers Spring Break Nature Quest, a week of activities specially designed for children ages 7-11. In the summer, children ages 5-15 can take part in week-long sessions of day camp, with fishing, games, crafts, hikes and more.

The library offers a number of family-friendly programs to the public on Saturdays. Topics include beginning archery, crafts, and classes on natural history and science.

Special Events

January
Eagle Days

March
Spring Break
Nature Quest

June & July
Summer Camps

September
Lawson Roberts
Butterfly Festival

The Mr. and Mrs. F. L. Schlagle Library and Environmental Learning Center is the result of a unique partnership between the Kansas City, Kansas Public Library, USD 500 and the Unified Government of Wyandotte County Parks and Recreation Department.

Summer Camp

The library offers eight weeks of summer camp experiences to children ages 5-15 during the months of June and July.

Each camp runs Monday-Friday, and offers age-based activities including games, crafts, hikes, fishing, and more!

Registration is taken on a first come, first served basis and usually begins in March. Keep an eye on our website for the next program brochure and registration form!

Scout Programs

The library regularly offers creative and unique workshops that give Boy and Girl Scouts the opportunity to earn their badges, pins, and belt loops, or to complete their journeys!

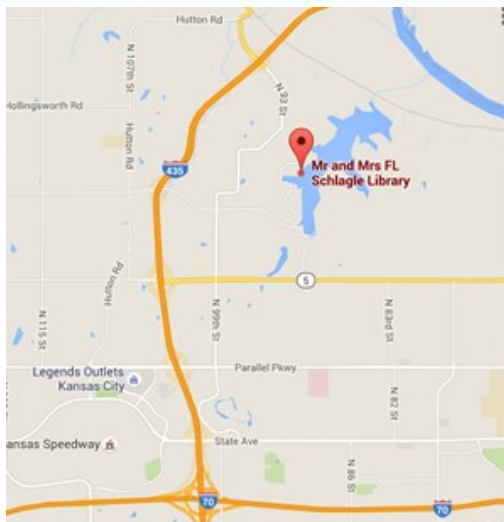

Programs are designed so that multiple troops can participate at the same time. Please call or email if you wish to be placed on the mailing list. Check our events calendar for upcoming workshops, or contact us to schedule a custom program!

Something for Everyone

The Mr. & Mrs. F. L. Schlagle Library, an environmental learning center, is a unique facility offering science and nature education as well as:

- Field trips and outreach programs
- Summer camp for children ages 5-15
- Monthly family-friendly educational programs
- Annual special events
- Books, magazines, and teaching resources
- Computers and science databases
- Self-guided nature trail with benches
- Bird feeding areas for bird watching
- Registered Lewis and Clark Historical Site with garden
- Certified Monarch Waystation and butterfly garden
- Volunteer opportunities
- Art gallery
